

What is Love Rising?

It's a belief – that creating a welcoming community takes a group effort

It's an intention – to create caring communities where we live, and where you live

It's neighbors – coming together and reaching out

It's events – conversations, music, prayer and reflection, kids' activities, and more

It's July 15th – a day for reflection and inspiration on how you can commit to Love Rising all year

Peace takes community.
